On June 30, 2015, the U.S. Department of Labor announced its proposal to amend its rules governing overtime exemptions for "white collar" employees. If adopted, this proposal will dramatically expand the number of employees eligible for overtime compensation under the Fair Labor Standards Act. Get ahead of the game and join Nyemaster on August 27 in Des Moines or September 3 in Ames for a complimentary seminar over a cup of coffee and a light breakfast.

Applications for CLE and SHRM continuing education credits are pending.

### Breakfast

7:00 a.m.                      **Complimentary Breakfast**

---

### Seminar
